SANCTUARY**

"Every Mother. Every Memory. Every Moment."

OUR STORY

Athena Margaux lived just five days—but her life inspired a sanctuary of healing for grieving mothers and families.

FOUNDER'S STORY

Our founder, **Melissa McCrann**, knows the pain of losing a child. Her daughter, Athena, passed away in her arms at only five days old. Out of this heartbreak grew a mission: to ensure that no mother, father, or family will ever have to walk this painful journey alone.

The Athena Margaux Sanctuary was created so that every grieving parent receives compassion, support, and a community of hope.

OUR MISSION

Athena Margaux Sanctuary honors mothers who have experienced infant loss by providing compassion, support, and remembrance. We ensure that **no mother walks alone** by offering grief services, memorial initiatives, and community outreach—**transforming sorrow into strength, and loss into legacy.**

WHY WE EXIST?

Every day, **54 babies** die in America. Families often leave hospitals with empty arms and heavy burdens. We exist to ensure **no family grieves alone.**
